Here's what Petplan policyholders are saying:

"Our 10-month-old Saint Bernard, Bodie, was diagnosed with OCD in both shoulders — which meant that he would be on medication for this condition most of his life. We have submitted three claims and each time we had a check within two weeks (and sometimes within one). AMAZING. I only wished we could be on this insurance." — *Anne, Mel and Bodie*

"We have had Petplan for a little over a year now and we are very happy with them! Our beloved dog, Jake, was diagnosed with a cancerous tumor on his right shoulder. It was very expensive to have ultrasounds, X-rays, aspirations, doctor visits and surgery. Petplan was wonderful. They processed all my claims quickly and efficiently, and sent my checks without delay. The insurance was literally a lifesaver. Without Petplan, I wouldn't have been able to afford all the procedures and follow-up care Jake needed." — *Rick and Sabina*

"The vet bills, bloodwork and medications for my cat, Tigger, were all covered, and the reimbursement checks were mailed to me in less than two weeks. I have all six of my cats covered and can't emphasize enough that if you have pets, this company is a must have!" — *Lee Ann and Tigger*

"Thank you Petplan for all you do every day giving clients peace of mind, and helping them do the best for their beloved pets. As a veterinarian, I certainly appreciate you for helping me and my team practice the best quality medicine. There is nothing more heartbreaking than knowing we can help a sick pet but not being able to because of finances." — *Dr. Zubin Emmanuel*
